A Message of His Kingdom

From the **heart** of the

House Of Sanctification

**NEWSLETTER FOR
JULY 2006**

What Can We Do In These Times?

“Early in his pontificate, Blessed Pope John XXIII issued an apostolic letter to promote devotion to the Most Precious Blood of Our Lord Jesus Christ. The date was June 30, 1960, the eve of the feast that had been celebrated in the universal Church since 1849, when Blessed Pope Pius IX, who himself was in flight from political insurgents, authorized the liturgical celebration. This feast of the Most Precious Blood celebrated on July 1st disappeared from the 1970 Roman Missal. The proper prayers reappeared in a later edition of the Roman Missal as a votive Mass.

“Today when so much innocent human blood is shed by abortion, euthanasia, and unjust warfare, such as multi-nationally sustained terrorism, the time has come to restore devotion to the liturgical observance of the Blood of Christ. Devotion to Christ’s shed Blood reminds us that God has made these precious drops the instruments of our salvation (and sanctification). Each of the sacraments of salvation gains its efficacy from the blood that pours forth from the pierced side of the Redeemer: “Blood whereof a single drop has power to win all the world forgiveness of its sin.”

Magnificat July, 2006

Dear Hearts,

May His Kingdom Come!

I apologise about the tardiness of this newsletter, but my modem was gone when I returned from Italy and that had to be replaced. From little remote Garabandal, that can take a while. Then we have been busy with visitors and with orders for the little booklets that we produce here at the House of Sanctification. Praise God, they are spreading like wild fire and we are busy taking orders for them. This is so important because it spreads the news about the Gift of Living in the Divine Will of God and the explanation of the same!

We also produce a very good little booklet, “Garabandal” teaching the truths about the events of the apparitions, which so many are confused about. We ask a suggested donation of €3,00 for black and white and €5,00 for color for each of the booklets, plus shipping - 16 in all. Included is a booklet that has become very popular called, “Stop the Abuses.” These are easy and understandable instructions from the documents of Cardinal Arinze and our late Holy Father John Paul II about the proper rubrics of the Mass. With so many Masses being misunderstood and celebrated incorrectly, this little booklet lets our good Priests and laity understand what should and should not be a part of a properly celebrated Holy Mass.

We have also received and now have the “new and authorized” “Hours of the Passion of Our Lord, Jesus Christ.” The “Passion” book that we have sold in the past was the edition of Fr. Benedetto Calvi, Luisa’s last official confessor. But from Trani we received instructions to print the edition of St. Hannibal de Francia, which will be the official Church edition of this sublime book. It has an introduction by St. Hannibal and meditations by him after each hour. They are incredible! You can

receive this beautiful book from us here, or from the Center of the Divine Will, P.O. Box 340, Caryville, TN, 37714, USA. Or call Kathy at 423-566-5178.

To give you an idea of the importance of meditating on His Passion using this book, here are some extractions in which this is stressed by Jesus.

And Jesus allowed me to hear his tender, sweet voice, and said to me (Luisa): “My daughter, my recompense for having you write the Hours of my Passion is this: for each word you have written in this book I will give you a kiss, a soul.”

And I said: “My love, this is for me, but what will You give to those who practice this pious exercise?”

And Jesus answered: “If they practice it in unison with Me and with my Will, I shall also give them a soul for each word they recite, because the greater or lesser effectiveness of these Hours of my Passion lies in the greater or lesser union that they have with Me. By meditating in unison with my Will, creatures place themselves in the hands of my Will; and since the operating engine is my very Will, I can produce all the goods I want, even through the recitation of one single word. And all of this shall happen every time a soul practices this pious exercise.” (There are about 50,000 words in the Passion book)

And again Jesus said:

“My daughter, the soul who always meditates on my Passion forms a spring within her heart; and the more she meditates, the larger this spring becomes. And just as the waters that spring up in the wild are public waters, in the same way, the spring of the Passion formed in her heart will benefit everyone: both the soul and all the other creatures—giving Me great glory and honor.”

We have a list of our books and booklets available from House of Sanctification in Spain if requested.

Well, our July was very interesting! We enjoyed immensely a visit from a group of 14 Irish pilgrims which was only a spill over from Piquita’s Posada. (Piquita is the sister-in-law of Conchita and was married to Conchita brother, Serafin, who died August of 2000.) But the whole group ended up coming to visit the House of Sanctification and we spoke to them about Luisa’s Volumes for a couple of hours. So many were thrilled to have found the HOS and to hear about the most sublime and incredible Gift of Living in the Divine Will of God!! It is so beautiful to see souls when they hear about Luisa and the truths of this Gift for the first time. You can see them understanding these truths and knowing this truth within their souls. It is so awesome to see the joy and love which fills them, and the moment when they understand for the first time the love their God has for them and the sanctity to which He is calling them...the unity that He wants so badly to enjoy with them!! There are tears and laughter...and healing! What a privilege to be there to witness it all!

We also had a Greek Orthodox couple who travel all over Europe on their bicycles. They have been doing this for nine years and feel it is truly a calling from God because they spread God’s love and the Gospel wherever they go! He is a troubadour, who writes many of his own songs and his wife sings with him. She is becoming renown in her own right for her art work. She paints beautiful pictures of Our Lord and Our Lady. Awesome! They have a web-site, www.geocities.com/wayofpilgrims.

Because Betty Murray joined us again to help with the HOS, Felicia and I were able to take off again to Italy. We were very blessed to have Betty here to take care of the pilgrims who came to the HOS while we were gone. Two Australian couples came for a few days, as did some pilgrims travelling together from America and Africa. Also, Dr. Rosalie of the 101 Foundation, who visits every year, came by. She brought her group up to the HOS and Betty, an old friend of Dr. Rosalie’s, welcomed them and gave them a mini-retreat on Luisa. Betty showed them our new DVD, which is on the life of Luisa through interviews with the experts. Reading our comment sheets, they certainly

enjoyed Betty, which isn't difficult to do anyway! Betty told us she also enjoyed the pilgrims. Betty is our joy here. She is so full of new enthusiasm everyday and so full of love. It is comforting to leave the HOS in her care because everyone who walks in here will be received with love and joy! Betty is Felicia Murray's sister. I hope one day the entire Murray family of nine siblings will get to come to the HOS.

Felicia and I had a most beautiful two weeks Corato. Sr. Assunta and the entire Pia Association were very loving and supportive to us. We helped where we could and "got into the groove" of things there. It was an experience that I look forward to having again in the future, if God Wills it!

We spent the last day at the Vatican and, because of the war and the times we are living in, we decided to do the "Rounds through Mary with the Blood of Jesus" throughout the Vatican. (These Rounds were taken from the "Hours of the Passion of Our Lord, Jesus Christ.") We started at the tomb of our very sweet and wonderful late Holy Father Pope John Paul I and ended at the tomb of (my favourite) Pope St. Pius X, and the monument of Pope Benedict XV. We spread the Blood of Jesus all over the Vatican past, present and future. Then we also left all souls in the care of many of the late Holy Fathers. It was very powerful and we knew that this was an inspired event.

The Blood of Jesus is so very powerful to help all souls during this time...all of Israel and Lebanon. All suffering souls, all sinful souls, all dying souls, all souls trying to live a holy life. **It seems very important at this time to constantly spread the Blood of Jesus all over our leaders everyday!!** How much they need it! Our Future depends on their decisions.

Our Lady of Garabandal told Conchita that, "There would be three more Popes and THEN would come the end of TIMES!" Conchita clearly said that Our Lady did not mean the "end of the world," but the end times as we know them. Our Lady also was not speaking about the end of the succession of Popes, but only using them as a measurement of time.

Looking at the world situation, it seems very clear that the times that we have known are coming to an end. It seems clear to me that now is the time to concentrate much more on prayer, and offering God all that we can to help our brothers and sisters who are not aware of the coming times. How many out there have no idea of the prophecies from the Saints and from Our Lady, Herself, about the coming events that are going to affect the entire world.

Our Lady of Medjugorje and other places have instructed us to "pray constantly." How can anyone today "pray constantly" with families and jobs and all the duties one has to face during the day. It would seem impossible. But if we understood and knew what the immense Gift was that Jesus is offering to us through Luisa...it would make perfect sense. In fact, each and every one of our **acts** accomplished in the Divine Will of God is a prayer....the greatest prayer because it is no longer a human **act**, but a **Divine Act**; it is an **Act** of the Most Holy Trinity, which covers all souls, past, present and future!

If our acts of changing the baby's diapers, washing dishes, or working as a lawyer, doctor, or accountant, can do all that...think of what it does when we pray in the Divine Will for the benefits of our families and of all souls. A prayer that is most Efficacious is doing the "Rounds of the Blood of Jesus," which covers everyone and all souls. We included that prayer in our March newsletter and will be happy to send it to anyone who does not have it.

"The river of iniquity is so great that it can prevent the redemption of souls, and only prayer and these Wounds of Mine can prevent this impetuous river from sweeping away everyone into itself."

It seems a great need today to spread the Gift of Living in the Divine Will to everyone! I see it as though the whole world belongs to lucifer (God did give it to him) and it is full of darkness. But every soul that comes to live in the Holy Will of God brings an immense light to the world and lucifer's world gets smaller and smaller. Hopefully soon he will have only the size of a hole for his property in which he will fall back into hell! But acts in the Divine Will and prayer are greatly needed for this to

come about, especially spreading the Blood of Jesus on everyone by means of acts done in the Divine Will!!

Jesus said to Luisa:

"My daughter, I am Eternal Light, and everything that comes from Me is Light. Therefore, it is not only my heartbeat that unleashes Light, but each one of my thoughts, breaths, words, steps, and each drop of my Blood are Light unleashed by Me, which, diffusing in the midst of all creatures, become life of each one of them." (Vol. 13)

May God allow us the great grace of living in His Holy Will and being His Light on earth to help all souls come to know, love and understand their Heavenly Father. May we all understand fully what the benefits of spreading the Blood of Jesus over all souls and the entire world can produce. May we give to Jesus all the love, honor and glory which is due to Him, and benefit many, many souls, by meditating everyday on the Hours of the Passion! And may God bless each of you with the true knowledge of His immense love for each of you, His beloved children!

While meditating on the "Hours of the Passion," my beloved Jesus told me,

My daughter, in the course of my mortal life, thousands and thousands of Angels escorted my Humanity, gathering everything I did—steps, works, words, sighs, pains, drops of my Blood—and bringing them to the Father in Heaven. These Angels were obedient to my every wish, protected Me, and paid Me honor.

Now these same Angels have a special office: as a soul meditates on my life, Passion, Blood, Wounds, and prayers, the Angels come to this soul and gather together her words, prayers, acts of compassion, tears, and offerings; then, upon uniting them with Mine, they bring the gifts before my Majesty, renewing the glory and joy of my Life.

The delight of the Angels is so great that they listen with great reverence to what each soul is saying during the time of meditation, and they also pray with each of them. Thus, with what attention and respect must a soul meditate on these "Hours", thinking that the Angels hang upon her lips repeating after her everything she prays!

Then He added: After the many bitter fruits that the creatures produce, these "Hours" are like sweet little drinks that the faithful souls bring to Me; yet, if compared with the much bitterness provoked by the world, the sweetness of these drinks is indeed very little. Therefore, spread these writings! Spread these writings! (Vol. 11)
