

August 15, 2008 - Assumption of Our Lady - Greatest Feast in Heaven

Dear Brothers and Sisters in the Divine Will,

1. The first Feast of the Assumption was celebrated in Heaven at the moment that The Blessed Virgin Mary arrived there. It was the greatest feast ever celebrated because the first human person to have never done her own will arrived there, having perfectly fulfilled the Divine purpose for which humans were created! And that is to live and die in the Divine Will.

2. **Divine Will Conference this year:** As I write this, it looks like we will have our usual, annual conference again this year. It is being planned in Florida, the days of **October 19 - 22 (Sunday through Wednesday).**

We hope to provide location and all the details soon. So mark your calendars accordingly!

3. We seek your support to help fund a very special book, **“The Doctrines of Genesis 1-11,” —A Compendium and Defense of Traditional Catholic Theology on Origins—by Father Victor P. Warkulwiz, M.S.S.** This is probably the most thorough book of its kind ever written, defending the obvious and correct interpretation of the Sacred Scriptures from the very beginning of the Bible and human history. It contains the epitome of sound doctrine in a most fascinating, easy reading style. He references over 50 Saints, Popes, Church Fathers and Church Doctors, other Theologians and famous spiritual writers. Father Warkulwiz meets the atheist scientists head on.

This book of 537 pages has everything a Catholic needs to know to uphold the literal truth of Genesis 1-11. The way Fr. Warkulwiz explains things is so reasonable and filled with the unction of truth and love that one wants to stay up all night reading this book. It really doesn't matter where you start reading. Every chapter is fascinating.

The book came on the market last November (2007), but for lack of funds to publish the normal way, Fr. Warkulwiz and the collaborating Kolbe Institute for the study of Creation had to deal with an “on demand” printing company, which makes the book very expensive to the consumer. That high price is currently \$32.95. However, that price can be drastically reduced to under \$20 by doing business the normal way.

Fr. Warkulwiz has agreed to let our Center for the Divine Will work with a printing company that we have dealt with previously to print 5000 copies at a very reasonable cost. And Fr. Warkulwiz will let us share funds derived from the marketing of this book as a means for the Center for the Divine Will to raise funds to sustain our operation.

Therefore, please consider a tax-exempt donation to the Center for the Divine Will to help fund the printing of this incredible book, which will have many good effects.
